A story about my stories in 3 blogging platforms.

I have amassed 131.740 words for over 10 years.

And I am not planning to stop.

meyosef.wordpress.com

Travelling is the dominant topic in my wordpress

"Lexical, Syntactic, Semantic"

The title of the most popular post with **27.2%** of the views. The post belongs to the **Inspiration** category and talks about different stages of life through the lens of linguistics. Most visitors stumbled upon the post due to **referral by Google** when searching for the meaning of the terms.

Audiences from around the world

Since all posts are in Indonesian, most likely are Indonesians abroad.

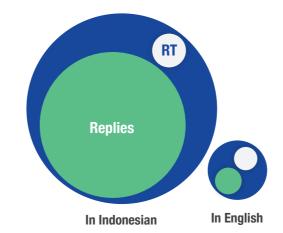

@yoseflaw

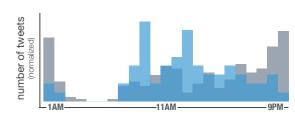

Mostly in Indonesian and conversational

Size based on number of tweets

A night owl no more

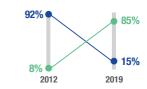

Comparing tweeting hour between ■ 2012 and ■ 2019

In 2012, **midnight** seemed to be the most inspirational time. Recently, I prefer to sleep and tweet at **9 AM** or **1 PM** instead.

Less social media, more real interaction

Comparing tweet percentage from ● Mobile and ● Desktop

Since 2017, I have uninstalled social media apps from my phone because they have been too distracting, including Twitter.

@yoseflaw

Half is not good enough

As of March 4, 2020

11 Posts

1.791 Views

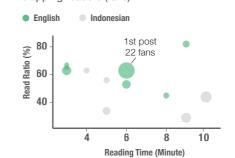

918 Reads

51.3% Read Ratio

My goal is to reach **67%** read ratio by the end of 2020

English posts are more engaging

Size of the circle is number of unique clapping readers (fans)

The English posts' word cloud

Data, business, and... drugs?

For DEIA3 venture *Drugs Inventory Management*, my group wrote our journal as medium posts. Hence, drugs.
